

International Children's Care
P.O. Box 820610
Vancouver, WA 98682-0013

Dear ICC Children's Services Director,

The contents of this envelope contain handmade cards and personal notes from students in an Adventist Kindergarten, First, and Second multi-grade classroom somewhere in the North American Division.

This activity is part of a pre-arranged and pre-authorized project approved by Sharon Fleck, *ICC Children's Services Director*, and written into the K-2 Multi-Grade BRIDGE Curriculum for Seventh-Day Adventist schools, sponsored by the North American Division and the Southern Union Conference. This project is part of a reading/ writing/ social studies unit activity that helps K-2 students in small Adventist schools across North America learn more about Mexican culture as they read a book titled *Jalapeno Bagels* written by _____.

The goal of this activity is to have students share God's love with similar aged peers from another culture, providing an authentic, real-life positive connection for children on both ends. Thus, we would ask you to kindly forward the contents of this envelop to the ***El Oasis Children's Village*** administrator, and ask them to distribute one card to each child residing in the homes who are approximately aged 5-8 years old.

Responses are welcomed, though not necessarily expected.

This particular package is coming from:

School Name: _____

School Address: _____

Teacher's Name: _____

We hope the children of ***El Oasis*** are blessed by the receipt of these materials, just as the children who made them were blessed by creating them!

Best regards,
