

K-2 BRIDGE – First grade *Pathways*

Multi-Grade Units

Acknowledgements

The K-2 BRIDGE – First grade *Pathways* is the second phase of a three-part multi-grade project. The first project was developed as a bridge to the *Kindergarten Stepping Stones*. Our primary words of thanks go to the wonderful educators who dreamt and created the first K-2 BRIDGE. We give thanks for their insights, intellect, and infinite commitment to children and to the adults who teach them. Their dedication to education and their willingness to work hard and to build something meaningful will not be forgotten.

Thank you to: Carol Campbell, Debra Fryson, Patti Revolinski, Diane Ruff, Angenette Hill, Mayra Rodriguez, Michelle Adams, Ingrid Ennis, Kim Thompson, Tara Bailey, Sherril Davis, Klossmeryl François, Shanel Marchany, Miki Nelson, Kennedy Nestares, Renee Otts, Kristianne Roberts, Debbie Schonert, Carol Serna, & April Zimmerman.

With the inspiration and the hope of these previous educators, this project gathered a small group to complete the BRIDGE – First grade *Pathways*. Though few in numbers, these educators were mighty in faith, love, and compassion for each other and toward the work. They started as teachers with a desire to craft something together, but at the end, whether it was for part or whole of the project, they became and have remained sisters and friends.

Thank you to the primary group of educators:

- Debbie Schonert, MA: Project Director, Chairperson, Writer, Content Editor
- Carol Serna, MA: Writer
- Rose Thomas, Ph.D.: Writer, Content Editor
- Natalie Griffin-Burton, MSED: Activity Master Designer, Writer
- Tara Bailey, M.Ed. : Writer, Activity Master Designer

Thank you to the secondary group of educators who helped for a portion of the project:

- Kennedy Nestares, MS: Writer, Activity Master Designer
- BJ Bertram, MS: Writer

Thank you to everyone/departments who supported and helped in numerous ways:

- Stacey Guevara-Jackson, BA: Website Content Manager
- Montina DeBardeleben, MBA: Website Support
- Southern Union Conference: IT & Communication Departments
